SERVICE

A **Key** Piece To
Workplace Strategy

Change • Protect • Manage

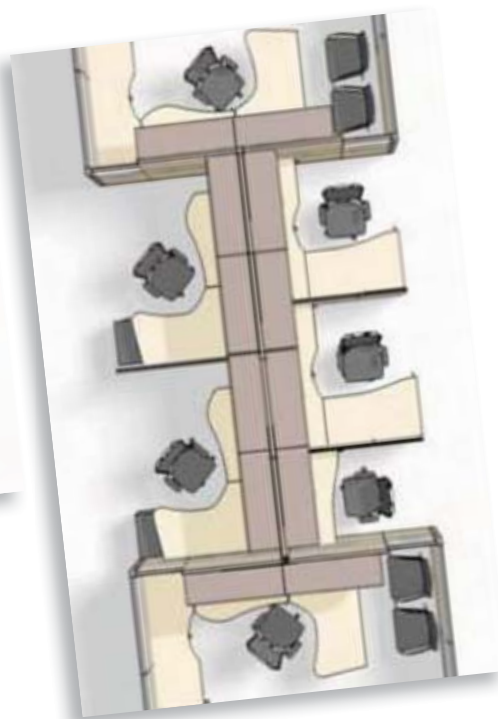

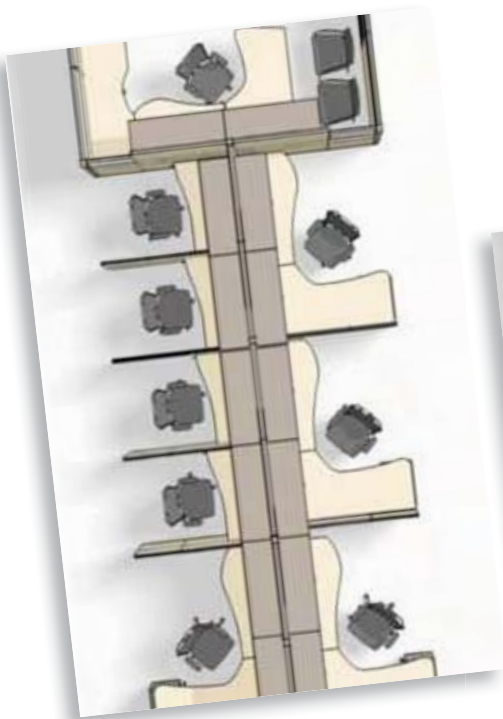

- Change
- Protect
- Manage

When Change Occurs We Can Help You Adapt, Stay Flexible and Sustainable

We believe in creating an environment that encourages people to flourish. People are your organization's largest investment. You can maximize the productivity of your people by changing the workplace to support their needs.

- **Move...** a person, a department or a facility
- **Add...** new technology, worksurfaces or a unique work area
- **Change...** a layout, adjacencies or how employees work

- Change
- Protect
- Manage

We Can Help You Protect Your Workplace Investments

Your organization has invested capital to create a productive workplace. Let us help you protect the value of your furniture investment for years to come.

SPACES offers the following services that protect new furniture and breathes a second life into existing furniture.

- **Furniture Touch Up & Repair**
- **Preventative Maintenance Contracts**
- **Upholstery & Panel Cleaning**
- **Wood Re-Conditioning**

- Change
- Protect
- Manage

Use Our Technology To Grade, Track And Report The Value Of Your Workplace Investments

SPACES offers a unique and easy to use web-based service that allows you to manage your corporate assets.

Use SNAPTRACKER™ to:

- Support your furniture standards
- Track inventory from any computer
- Grade and monitor the condition of your inventory
- Generate customized inventory reports
- Summarize activity, billing and asset deployment
- Relocate, re-distribute corporate assets

Our Goal

To provide you extraordinary customer service.

To help you Change, Protect and Manage your workplace investments. From moves, adds and changes to warehousing and comprehensive asset management solutions, we will work with you to define your goals and construct a service package that makes sense for your company and your budget.
